

#### TISEL PROTECT

#### RELIABLE HYDRAULIC SYSTEM

- **One-piece lightweight** alloy hydraulic assembly with unscrewable top cover for long life and easy maintenance.
- **Double chrome plating** increases the number of cycles to 60,000, an average of 2 to 3 times that of most hand pallet trucks.

#### THE NEUWEG ROTARY SUPPORT SYSTEM

An additional, reinforced thrust bearing skirt prevents wear and tear, retains grease inside the unit, and protects against dust and dirt.

#### ONE-PIECE VALVE CARTRIDGE

Robotic assembly at the factory eliminates the human factor and also provides fast replacement and savings on repairs.

#### REINFORCED STIFFENERS

- **Eliminates the possibility of deformation of the forks** in case of overloading or improper load distribution on the forks.
- Additional contouring of ribs on T30 models.

**LASTS UP TO 3 TIMES LONGER**

#### OPTIONAL ENTRY CASTERS

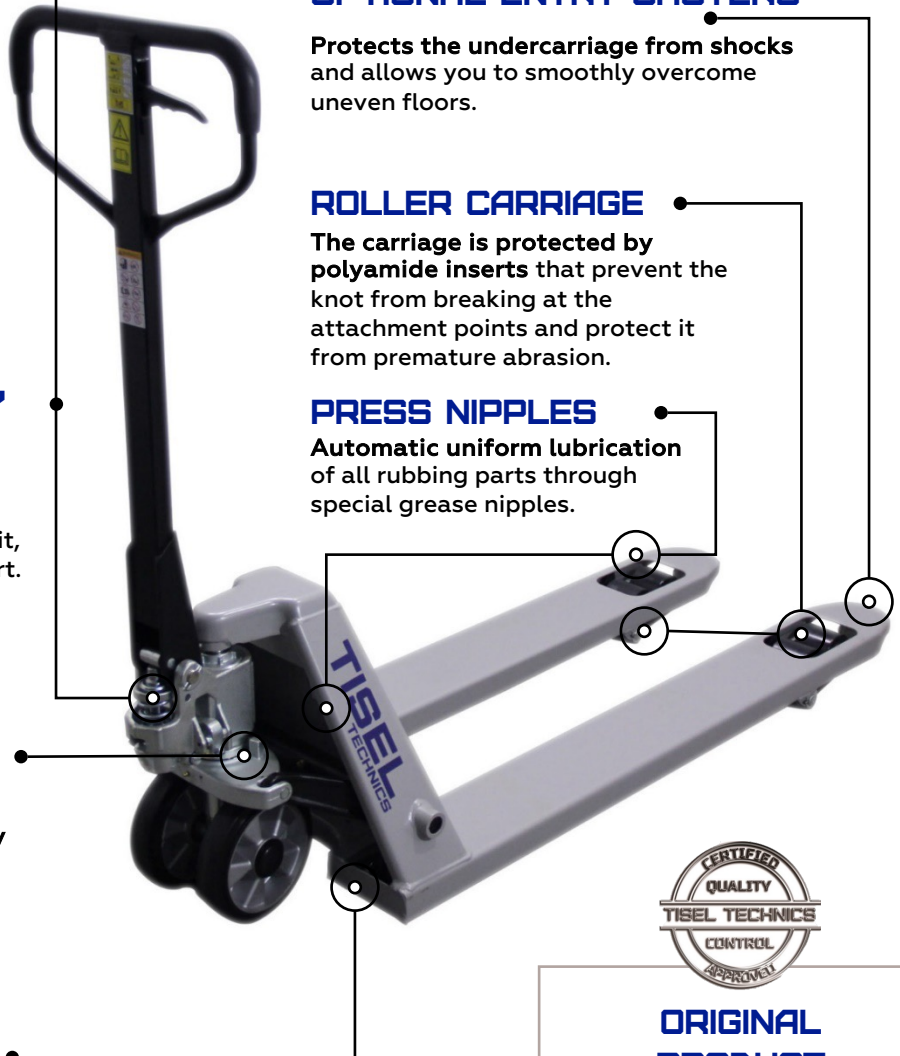

Protects the undercarriage from shocks and allows you to smoothly overcome uneven floors.

#### ROLLER CARRIAGE

The carriage is protected by polyamide inserts that prevent the knot from breaking at the attachment points and protect it from premature abrasion.

#### PRESS NIPPLES

Automatic uniform lubrication of all rubbing parts through special grease nipples.

#### ORIGINAL PRODUCT

Always accompanied by a quality label. Beware of fakes.

# 4 YEARS

Extended warranty with timely maintenance

# 2 LEVELS

Quality control before sale

# 129K UNITS

The world's sold equipment

## T25 SERIES TRUCKS WITH ADDITIONAL FUNCTIONS

### FUNCTION "QUICK LIFT"

Fork lift in 5 strokes,  
which is up to three times faster  
than normal

### FUNCTION "EASY START"

Makes it easy to move even the  
heaviest load

### FUNCTION "PARKING BRAKE"

Mechanical brakes for locking on  
sloped floors

## OTHER TYPES OF T-SERIES TRUCKS

### INCREASED LOAD CAPACITY

Up to 5,000 kg

### SHORT AND LONG PITCHFORKS

From 800 to 2000 mm long  
forks

### SPECIALIZED

For the most unconventional  
tasks
